Education

Washington State University Vancouver

- B.A. in Digital Technology and Culture
- Minor in Psychology
- Expected graduation date December 2021

Certifications

Google UX Design (in progress)

An optimistic, collaborative, well-organized User Experience Designer and Researcher. Focused on creating meaningful experiences through strategic thinking and creative design solutions. Located in Portland, OR.

Experience

UX/UI Designer | *Electronic Literature Lab* | Vancouver, WA | *Aug 2021- Dec 2021*

Working with a team of six to design and develop a fully responsive website that hosts the recreation of the 1986 text adventure game, Amnesia.

- Developing sitemaps, wireframes, and user interface designs for mobile and desktop website.
- Defining navigation, user workflows and layouts focusing on usability.
- Conducting usability testing and implementing interview feedback.
- Developing web pages in HTML5, CSS3 and JavaScript with a mobile first design process. www.tbd.com

Projects

UX Designer & Front-end Dev | *Craft House Case Study* | *Jan 2020 – Mar 2020*

Consulted with stakeholders to review current products and provide design solutions to solve user needs and business challenges.

- Conducted user research and validation testing.
- Redesigned information architecture to simplify user interaction.
- Produced high-fidelity protype for tablet register product using Figma. https://ceenan-design.webflow.io/

UI/UX Designer | *CMDC Website Redesign* | *Apr 2020 – May 2020*

Aesthetic redesign of the CMDC website with prototypes in desktop and responsive mobile applications.

- Produced high-quality user interfaces and visual designs.
- Created color theory, typography and overall style guide.
- Delivered final design production-ready assets for development.

Mobile prototype: https://www.ceenan.com/img/mobileboth.png

UI/Dev & Photographer | *Zion A Photographic Exploration* | *Feb 2021 – Mar 2021*

A visual and informative story of backpacking through Zion National Park, Utah. This project was an opportunity to familiarize myself with building a parallax scrolling website. https://dtc-wsuv.org/ccalzadilla20/narrative/

- Developed intuitive and engaging visual layout.
- Coded website in HTML5 and CSS3.
- Created and edited assets for project.

Other Professions

Data Quality Specialist | *CoreLogic* | Sunrise, FL *2011 – 2013*

Assisted in creating graphical user interfaces to improve internal database tools. Reviewed, analyzed, and ensured the quality of data acquired and loaded into database systems. Provided production job support from a quality perspective.
